“Subjective Cognitive Decline in Aging”

Beth Snitz, PhD
Assistant Professor of Neurology,
Department of Neurology, University of Pittsburgh

Thursday, October 22, 2015
12:00 PM to 1:00 PM
UPMC Shadyside
Hillman Cancer Center
Cooper Classroom C

Light lunch provided. Please contact Dolores Oliver (oliverdo@upmc.edu) if you plan to attend, need directions, or need more information. The Cooper Classrooms are located on the ground level of the Hillman Cancer Center, 5115 Centre Avenue, Shadyside. After entering the building walk to the left past the elevators. Facing the gift shop turn right down the hallway. Room C is the 3rd door in the lobby area on the left.

BRAIN, BEHAVIOR, AND CANCER
Seminar Series
Sponsored by
The Biobehavioral Oncology Program
University of Pittsburgh Cancer Institute

Abstract: Evidence from population and clinic-based studies suggests subjective memory (or other cognitive) complaints in aging confer risk for future cognitive decline and dementia. Recently, there is increased interest in a proposed clinical stage of pre-mild cognitive impairment in aging, termed “subjective cognitive decline” (SCD). This presentation will discuss subjective cognitive complaints, and SCD, with regard to epidemiology, predictive utility, measurement, mood and personality correlates, and relevance to preclinical Alzheimer Disease. Literature addressing subjective cognition in cancer patient populations will be briefly discussed.

CME Faculty Disclosure
In accordance with Accreditation Council for Continuing Medical Education requirements on disclosure, information about relationships of presenters with commercial interests (if any) will be included in materials distributed at the time of the conference.

Continuing Medical Education Credit
The University of Pittsburgh School of Medicine is accredited by the ACCME to provide continuing medical education for physicians. The University of Pittsburgh School of Medicine designates this educational activity for a maximum of 1.0 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Other health care professionals are awarded .10 continuing education units (CEU’s) which are equal to 1.0 contact hours.
