SPECIAL SEMINAR ANNOUNCEMENT

from

The Cancer Epidemiology & Prevention Program
of the University of Pittsburgh Cancer Institute

Wednesday, August 3, 2016
12:00 - 1:00 pm

201A Herberman Conference Center

“Integrating Biomarkers into Lung Cancer Screening”

Samir Hanash, MD, PhD
Distinguished Chair,
Evelyn & Sol Rubenstein Distinguished Chair for Cancer Prevention Professor,
Department of Clinical Cancer Prevention
The University of Texas MD Anderson Cancer Center
Houston, TX

Dr. Hanash was recruited to MD Anderson Cancer Center in 2011 to lead the Red and Charline McCombs Institute for Cancer Early Detection and Treatment. He was previously program head for Molecular Diagnosis at the Fred Hutchinson Cancer Research Center. Dr. Hanash’s interest and expertise are in the field of cancer proteomics encompassing development of biomarkers and therapeutic targets. He is the inaugural president of the International Human Proteome Organization dedicated to the study of the human proteome, and a founder of the US Human Proteome Organization.
