1st International Invasive Lobular Breast Cancer Symposium

September 29-30, 2016

University of Pittsburgh Cancer Institute
Herberman Conference Center
Welcome

We are pleased to welcome you to the 1st International Invasive Lobular Carcinoma (ILC) Symposium at the University of Pittsburgh Cancer Institute (UPCI)’s Hillman Cancer Center in Shadyside, Pittsburgh, PA.

The Symposium will focus on various topics of importance and relevance to lobular carcinoma in situ (LCIS) and invasive lobular cancer (ILC). We hope this symposium will form the foundation for a vibrant, collaborative community of physicians, researchers, and advocates, ultimately resulting in improved outcomes for patients with this disease. Two keynote talks will be given by Dr. Patrick Derksen (University Medical Centre, Utrecht, Netherlands) and Dr. Mitch Dowsett (Royal Marsden, London, UK).

We appreciate your attendance and participation in this Symposium, and are looking forward to an exciting two days!
